1. Qualitative Information on Quarterly Financial Results

(1) Explanation of Operating Results

The performance of DAIHEN Corporation (the "Company") and its subsidiaries (collectively, the "DAIHEN Group) for the three months ended June 30, 2022 was order received of 54,829 million yen (up 34.0% year-on-year) and net sales of 36,666 million yen (up 6.2% year-on-year) due to recovery in capital investment with normalization of economic activities from the stagnation caused by COVID-19 in addition to strong investment in semiconductor manufacturing equipment. However, temporary deterioration of profit margin due to soaring prices of parts and an impact of advanced investment to meet an increase in demand resulted in operating profit of 1,819 million yen (down 1,288 million yen year-on-year), ordinary profit of 2,368 million yen (down 1,196 million yen year-on-year), and profit attributable to owners of parent of 1,632 million yen (down 774 million yen year-on-year).

The performance of each segment is as follows.

1) Power Products Business

Owing to an increase in demand for increasing power-receiving facilities for plants, etc. in Japan in addition to strong investment in the replacement of power distribution products, net sales were 14,956 million yen (up 5.2% year-on-year) while operating profit was 824 million yen (down 12.0% year-on-year) due to an impact of soaring prices of materials, etc.

2) Welding & Mechatronics Business

Owing to recovery in investment in production automation in Japan with normalization of economic activities, etc., net sales were 10,683 million yen (up 9.1% year-on-year), while operating profit was 313 million yen (down 67.3% year-on-year) due to decline in profitability caused by the lockdown in China, etc.

3) Semiconductor & FPD Related Business

Owing to the growing demand for semiconductors with the progress of digitalization and the expansion of investment to resolve a global shortage of semiconductors, net sales were 10,984 million yen (up 4.9% year-on-year), while operating profit was 1,753 million yen (down 16.7% year-on-year) due to soaring prices of parts and increase in expenses with building a system to increase production, etc.

4) Other

Net sales were 43 million yen and operating profit was 14 million yen. There were no significant changes from the corresponding period of the previous year.

Other	43	-7.6%	43	-7.6%	14	-19.1%
Company Total	54,829	+34.0%	36,666	+6.2%	1,819	-41.5%

(Reference) Performance by Segment

(2) Explanation of Financial Position

Total assets at the end of the three months ended June 30, 2022 increased by 148 million yen from the end of the previous fiscal year to 194,950 million yen. This is primarily attributable to an increase in property, plant and equipment in addition to an increase in inventories due to supply shortages of parts, despite decreases in cash and deposits and notes and accounts receivable - trade.

Total liabilities at the end of the three months ended June 30, 2022 decreased by 4,297 million yen from the end of the previous fiscal year to 84,868 million yen. This is partly attributable to decreases in provision for bonuses and income taxes payable in addition to a decrease in notes and accounts payable-trade.

Total net assets at the end of the three months ended June 30, 2022 increased by 4,446 million yen from the end of the previous fiscal year to 110,082 million yen. This is primarily attributable to increases in retained earnings and foreign currency translation adjustment. The equity ratio increased by 2.3 percentage points from 51.2% to 53.5%.

(3) Explanation of Consolidated Financial Results Forecast and Other Forward-looking Information

The business environment surrounding the DAIHEN Group is expected to remain generally strong in the six months ending September 30, 2022 and beyond.

In the three months ended in June 30, 2022, profit margin dropped temporarily, however, it is expected to improve due to further increase in net sales by reflecting the impact of soaring prices of parts in selling prices and by strengthening efforts to secure parts.

In light of these circumstances, no revisions have been made to the consolidated financial results forecast for the six months ending September 30, 2022 and the full year ending March 31, 2023 announced on May 12, 2022. Should revision of the consolidated financial results forecast become necessary, the Company will promptly disclose it.

(3) Notes to Quarterly Consolidated Financial Statements

(Notes on going concern assumption)

Not applicable.

(Notes in case of significant changes in shareholders' equity)

Not applicable.

(Accounting methods adopted particularly for the preparation of quarterly consolidated financial statements)

· Calculation of tax expenses

The Company employs a method of making a reasonable estimation of the effective tax rate after application of tax effect accounting to net profit before tax for the current consolidated fiscal year before multiplying quarterly profit before tax by said effective tax rate.

However, if the use of said effective tax rate to calculate tax expenses leads to a markedly unreasonable result, material variations that do not fall under temporary variation are added to or deducted from the quarterly profit before tax, and tax expenses are calculated by multiplying the resulting amount by the statutory effective tax rate.

(Additional information)

• Changes in matters related to fiscal year-ends, etc. of consolidated subsidiaries and affiliated companies accounted for by equity method

Of consolidated subsidiaries and affiliated companies accounted for by equity method, the fiscal closing date of 14 consolidated subsidiaries of DAIHEN, Inc., OTC DAIHEN EUROPE GmbH, OTC DAIHEN Asia Co., Ltd., DAIHEN ELECTRIC Co., Ltd., DAIHEN Advanced Component, Inc., Mudanjiang OTC Welding Machines Co., Ltd., OTC (Taiwan) Co., Ltd., OTC Industrial (Shanghai) Co., Ltd., DAIHEN Korea Co., Ltd., OTC Industrial (Qingdao) Co., Ltd., DAIHEN OTC (Beijing) Co., Ltd., DAIHEN Advanced Machinery (Changshu) Co., Ltd., PT. OTC DAIHEN INDONESIA, and DAIHEN VARSTROJ welding cutting and robotics d.d., and an affiliated company accounted for by equity method of OTC DAIHEN Bangkok Co., Ltd. is December 31. Accordingly, the Company previously used their financial statements as of that date, making any adjustments as necessary to account for significant transactions occurring between those companies' closing date and the consolidated closing date.

In order to ensure more appropriate disclosure of the consolidated financial statements, from the three months ended June 30, 2022, the closing date of OTC (Taiwan) Co., Ltd. has been changed from December 31 to March 31. For the other 13 consolidated subsidiaries and an affiliated company accounted for by equity method, the method of preparing consolidated financial statements has been changed to a method of consolidation by using their provisional financial results as of the consolidated closing date.

The profit and loss of such consolidated subsidiaries and affiliated company accounted for by equity method for the three months from January 1, 2022 to March 31, 2022 are adjusted as changes in retained earnings.
